## SPONSORSHIP PROSPECTUS

[adahacks2019@gmail.com](mailto:adahacks2019@gmail.com)

## **What is AdaHacks II?**

AdaHacks is a second-year 12 hour all girls hackathon run by the GWC of SFHS. It brings together students from across the Bay Area to solve problems and challenges which exist in our world today. This event will take place during October 2019 on the Google campus. We estimate to have approximately 100 students attending our event.

## **Why sponsor AdaHacks II?**

AdaHacks II is organized by a team of high school students, all of whom are passionate about computer programming. AdaHacks II is taking a step towards ending the gender gap in the technology field by promoting women's involvement in STEM. If you choose to sponsor us and contribute to our cause, you will help encourage young girls to get engaged in a field dominated by men. In addition, sponsoring AdaHacks II will give your company the opportunity to advertise its brand to a new generation of leaders. AdaHacks II accepts any form of non-monetary sponsorship, whether it be through swag, prizes, etc.
